QUOD

QUOD es la primera colección que Camarasa Wallpaper ha creado en una alta calidad de papel tejido no tejido (TNT) y con carácter mundial.

Una colección donde priman elegantes efectos y texturas metalizadas en una amplia gama de colores y modelos. Damascos dignos del palacio de Versailles, flores y ramas japonesas, texturas industriales, rayas y falsos lisos combinados con oros, platas, bronces, platinos y nacarados aptos para todas las estancias de tu hogar.

Como guinda final, encontraremos todos los modelos en una opción Black & White sobre un exclusivo papel con soporte de fibras de lino, que nos hará recordar aquellos antiguos pergaminos orientales ilustrados con tinta china.

***QUOD** is the first collection that Camarasa Wallpaper has created on a high quality non woven paper and worldwide character.*

A collection where elegant effects and metallic textures prevail in a wide range of colors and models. Damasks worthy of the Palace of Versailles, japanese flowers and branches, industrial textures, striped and false plain combined with golds, silvers, bronzes, platinum and pearlescents suitable for all rooms of your home.

As a final icing, we will find all the models in a Black & White option on an exclusive paper with support of linen fibers, which will remind us of those ancient oriental scrolls illustrated with chinese ink.
